

NORTH STAR COMPATIBLE GAMES

The disk contains a self operative system for games:

Boot has been put on for Horizon
Basic has been personalized for Horizon
Games with instructions have been selected
Basic utilities (a few) are included

Procedure:

Load disk in Drive 1
Boot
"Go BASIC"
"LOAD (Game Name)"
"RUN" or "LIST" (for program statements)

- Always answer prompt with full YES (not Y) or NO
- In some cases it is necessary to go to an adjoining file to get directions.
- "CONTROL C" is an exit command from program
- "BYE" is the exit command from BASIC

Programs (Games) and comments:

SNARKO:	Search game, asks for a random number before it gives instructions (SNARKREM is an associated list program).
ACEYDUECY :	Gambling card game
CHECKERS:	be sure to copy the original layout of board positions
ADDITION:	for children
STARS:	word guessing
EVEN 1:	a subtraction style game
NIM:	a subtraction style game
MUGWUMP:	hidden object game with traps
